## **REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF FIRST INVESTMENT COMPANY K.S.C.P.**

### **Report on the Interim Condensed Consolidated Financial Information**

#### ***Introduction***

We have reviewed the accompanying interim condensed consolidated statement of financial position of First Investment Company K.S.C.P. (the “Parent Company”) and its Subsidiaries (collectively, the “Group”) as at 31 March 2025, and the related interim condensed consolidated statements of profit or loss, interim condensed consolidated statements of comprehensive income, interim condensed consolidated statement of changes in equity and the interim condensed consolidated statement of cash flows for the three-month period then ended. The management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34 “*Interim Financial Reporting*”. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

#### ***Scope of Review***

We conducted our review in accordance with International Standard on Review Engagements 2410, “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### ***Conclusion***

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34.

#### ***Material Uncertainty Related to Going Concern***

We draw attention to Note 2.1 in the interim condensed consolidated financial information which states that, the Group’s accumulated losses amounted to KD 15,906,596 as at 31 March 2025 (31 December 2024: KD 15,762,139 and 31 March 2024: KD 18,093,816) and, as of that date, the Group’s current liabilities exceeded its current assets by KD 25,742,194 (31 December 2024: KD 25,167,032 and 31 March 2024: KD 26,881,618). This position is primarily attributable to total outstanding legal claims of KD 46,190,612 (31 December 2024: 46,187,014 and 31 March 2024: KD 49,470,820), including certain legally enforceable litigation claims amounting to KD 40,469,739 (31 December 2024: KD 40,125,976 and 31 March 2024: KD 34,682,793) that the Group is currently unable to settle. As a result, restrictions have been placed on certain assets aggregating to KD 15,986,962 (31 December 2024: KD 17,211,775 and 31 March 2024: KD 7,484,528). As stated in Note 2.1, these events or conditions, along with other matters as set forth in the Note 11, indicate that a material uncertainty exists that may cast significant doubt on the Group’s ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

**REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF FIRST INVESTMENT COMPANY K.S.C.P. (continued)**

**Report on the Interim Condensed Consolidated Financial Information (continued)**

***Emphasis of Matters***

- i) We draw attention to the Note 12 to the interim condensed consolidated financial information, which describes the material uncertainty related to the final outcome of ongoing litigation claims. As stated in the note therein, the Parent Company is the defendant in legal proceedings brought by several parties. The legal actions commenced by the counterparties against the Parent Company are in various stages of litigation. As at 31 March 2025, the Group recorded a total provision of KD 46,190,612 (31 December 2024: KD 46,187,014 and 31 March 2024: KD 49,470,820) against the litigation claims, reflecting management's best estimate of the most likely outcome of these claims as at the authorisation date of this interim condensed consolidated financial information.
- ii) We draw attention to the Note 5 to the interim condensed consolidated financial information which states that the construction contract for the Beach Resort project (the "project") in the Governorate of Dhofar, Sultanate of Oman, undertaken by Dhofar Beach Resort LLC, a subsidiary of Taameer Investment Company S.A.O.C., an associate of the Group (referred to hereunder as "Taameer") was terminated by Taameer. Following the termination, the Contractor of the project initiated legal proceedings against Taameer, and the dispute is currently being address through arbitration. Based on the legal counsel's advice, Taameer has concluded that while an adverse outcome is possible, it is not probable, that the action against Taameer will succeed. Accordingly, Taameer has not recognised any provision for any liability that may arise in connection with this matter in its consolidated financial statements.

Our conclusion is not modified in respect of the above matters.

**Report on Other Legal and Regulatory Requirements**

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016, as amended, and its executive regulations, as amended, or of the Parent Company's Memorandum of Incorporation and Articles of Association during the three-month period ended 31 March 2025 that might have had material effect on the business of the Parent Company or on its financial position.

### 2 BASIS OF PREPARATION AND CHANGES TO THE GROUP’S ACCOUNTING POLICIES

#### 2.1 FUNDAMENTAL ACCOUNTING CONCEPT

As at 31 March 2025, the Group’s accumulated losses amounted to KD 15,906,596 (31 December 2024: KD 15,762,139 and 31 March 2024: KD 18,093,816) and, as of that date, the Group’s current liabilities exceeded its current assets by KD 25,742,194 (31 December 2024: KD 25,167,032 and 31 March 2024: KD 26,881,618). This position is primarily attributable to total outstanding legal claims of KD 46,190,612 (31 December 2024: KD 46,187,014 and 31 March 2024: KD 49,470,820), including certain legally enforceable litigation claims amounting to KD 40,469,739 (31 December 2024: KD 40,125,976 and 31 March 2024: KD 34,682,793) that the Group is currently unable to settle. As a result, restrictions have been placed on certain assets aggregating to KD 15,986,962 (31 December 2024: KD 17,211,775 and 31 March 2024: KD 7,484,528) (Note 11).

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION (UNAUDITED)

As at and for the period ended 31 March 2025

**2 BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES (continued)**

**2.1 FUNDAMENTAL ACCOUNTING CONCEPT (continued)**

Management continues to actively monitor the situation and seek the best available information to assess risks and implement appropriate mitigation measures. In response to the legal cases and their potential outcomes, the Group has taken, and continues to take, a number of actions. These include the following:

- ▶ Initiating and pursuing all appropriate legal actions before various courts to achieve a favorable outcome for the Group.
- ▶ On 17 April 2023, the shareholders of the Parent Company in the extraordinary general assembly meeting ("EGM") approved the Board of Directors recommendation to apply for preventive protection or restructuring as per Law No. 71/2020.
- ▶ On 26 September 2024, the Board of Directors of the Parent Company resolved to proceed with an application to the Bankruptcy Department of the Ministry of Justice to commence restructuring procedures in accordance with Law No. 71 of 2020.
- ▶ On 17 October 2024, the Parent Company has filed the application for approval to initiate the restructuring procedures under the same law.
- ▶ On 20 February 2025, the Bankruptcy judge accepted the application and issued his decision to initiate the restructuring proceedings.
- ▶ The Parent Company's management is currently in the process of preparing and submitting a settlement proposal to the Debtors' Committee. It is expected that settlement of claims will be achieved either through in-kind settlements or through sale of certain assets, subject to approval of the settlement proposal.
- ▶ In forming its assessment of the Group's ability to continue as a going concern, management has exercised significant judgment, considering the following :
  - The ability to generate sufficient cash flows over the next twelve months, contingent on successfully implementing mitigation measures within the Group's control
  - The expected outcome of ongoing litigation, as further detailed in Note 11.
  - The absence of enforcement actions against the Group's restricted assets during the restructuring period (refer to Note 11).

Management acknowledges that material uncertainty remains over the Group's ability to settle its outstanding legal claims and associated obligations as they fall due. However, based on current plans and ongoing restructuring efforts, management has a reasonable expectation that the Group will have sufficient resources to continue in operational existence for the foreseeable future, and that obligations subject to legal claims will be met through the restructuring process.

Notwithstanding with the above facts, the interim condensed consolidated financial information has been prepared on a going concern basis, which assumes that the Group will be able to realise its assets and discharge its liabilities in the normal course of business at the amounts stated in the interim condensed consolidated financial information. If the Group is unable to continue as a going concern, adjustments may be required to reflect the recoverability and classification on assets and liabilities on an alternative basis other than going concern, which could result in adjustments to the carrying amounts.

**2.2 Basis of preparation**

The interim condensed consolidated financial information for the three months ended 31 March 2025 has been prepared in accordance with IAS 34 "*Interim Financial Reporting*".

The interim condensed consolidated financial information does not include all the information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2024.

**2.3 New standards, interpretations and amendments adopted by the Group**

The accounting policies adopted in the preparation of the interim condensed consolidated financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2024, except for the adoption of new standards effective as of 1 January 2025. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

One amendment applies for the first time in 2025 but does not have an impact on the interim condensed consolidated financial information of the Group.

### 2 BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES (continued)

#### 2.3 New standards, interpretations and amendments adopted by the Group (continued)

##### Lack of exchangeability - Amendments to IAS 21

The amendments to IAS 21 *The Effects of Changes in Foreign Exchange Rates* specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows.

The amendments are effective for annual reporting periods beginning on or after 1 January 2025. When applying the amendments, an entity cannot restate comparative information.

The amendments did not have a material impact on the Group's interim condensed consolidated financial information.

### 3 LOSS PER SHARE

Basic loss per share amounts are calculated by dividing the loss for the period attributable to ordinary equity holders of the Parent Company by the weighted average number of ordinary shares outstanding during the period. Diluted loss per share is calculated by dividing the loss attributable to ordinary equity holders of the Parent Company by the weighted average number of ordinary shares outstanding during the period plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares. As there are no dilutive instruments outstanding, basic and diluted loss per share are identical.

#### i) Post-reporting date merger and dilution of interest

On 15 April 2025, Arkan completed a merger with First Real Estate Investment Company K.S.C. (Closed) through a share-for-share exchange that resulted in the issuance of additional shares and an increase in Arkan's share capital. As a result of the merger, the Group's equity interest in Arkan was diluted from 28.95% to 23.35% with no changes in the total number of shares held by the Group.

#### ii) Legal claim contingency in respect of Taameer

The construction contract for a Beach Resort project in the Governorate of Dhofar, Sultanate of Oman, undertaken by Dhofar Beach Resort LLC, a subsidiary of Taameer, was terminated by Taameer. The contract was originally executed by Ghantoot Transport & Gen. Cont. LLC ("the Contractor"). The termination was due to a dispute involving, among other matters, the Contractor's prolonged delay in resuming work following a natural disaster at the project site in May 2018.

Following the termination, the Contractor initiated legal proceedings against Taameer, challenging the termination on various grounds and has requested the court to appoint a panel of expert, as a preliminary step toward filing a formal claim. In return, on 10 February 2020, Taameer filed a counterclaim against the Contractor for damages and breach of contract in the amount of OMR 25 million (equivalent to KD 19.7 million). The court proceedings are currently on hold and the dispute is currently being addressed through arbitration.

Further, during the year 2019, Taameer encashed performance bonds amounting to OMR 6.55 million (equivalent to KD 5.2 million) provided by the Contractor. The Contractor is contesting the encashment through a separate legal action, which is still in progress.

Based on the legal counsel's advice, Taameer has concluded that while an adverse outcome is possible, it is not probable, that the action against Taameer will succeed. Accordingly, Taameer has not recognised any provision for any liability that may arise in connection with this matter in its consolidated financial statements for the year ended 31 December 2024.

### 10 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### *Fair value hierarchy*

All assets and liabilities for which fair value is recognized or disclosed are categorised within the fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole, as follows:

The Group uses the following hierarchy for determining and disclosing the fair values of financial assets carried at fair value by valuation technique:

- ▶ Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

**10 FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)**

For assets and liabilities that are recognised at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

There were no changes in the Group's valuation processes, valuation techniques, and types of inputs used in the fair value measurements during the period.

**11 LEGAL CLAIMS**

- a) During the years ended 31 December 2006 and 31 December 2007, the Parent Company has entered into agreements to purchase shares in Al Muttahed for Investment and Real Estate Development Company S.S.C.C (the investee company) from certain shareholders (the sellers).

During the subsequent period, the Parent Company noted that the sellers have not fulfilled their commitment of transferring certain assets of the investee company as part of their share of capital increase of the investee company. Accordingly, the Parent Company filed a lawsuit against the sellers claiming for a temporary compensation. On the other hand, the sellers filed a counterclaim against the Parent Company demanding for a compensation for the breach of the sale contract. However, both the original and counterclaim were dismissed. The Court of First Instance dismissed the sellers' lawsuit on the basis of the sellers' breach of the contract by cancelling the registration of 3 million shares out of 4 million shares of the investee company, agreed to be sold, and this was upheld by the Court of Appeal and the Court of Cassation on 11 April 2016.

Despite the verdict by the Court of Cassation, the sellers filed another lawsuit against the Parent Company demanding the payment of KD 13,814,991 related to the purchase consideration.

On 17 January 2017, the Court of First Instance has ruled in favour of the Parent Company rejecting the claim filed by the sellers based on the earlier verdict that was adjudicated by the Court of Cassation on 11 April 2016. The sellers further appealed against the ruling of the Court of First Instance and a verdict was issued on 21 September 2017, accepting the appeal in form, cancelling the earlier verdict issued by the Court of First Instance and referring the case to the Capital Markets Court. The Company filed an appeal by cassation against Commercial Judgment No. 1187/2017 Commercial, which has not yet been adjudicated.

On 9 January 2018, the Capital Markets Court's verdict was issued dismissing the case of the sellers on inadmissibility ground for being previously adjudicated by verdicts, the last of which was the cassation verdicts no. 711 and 734/2015, commercial issued on 11 April 2016. However, the Sellers appealed the previous verdict before the Court of Appeal. On 4 July 2019, under the Case No 13/2018, the Court of Appeal issued a ruling to refer the case to the Department of Expert at the Ministry of Justice.

**11 LEGAL CLAIMS (continued)**

On 14 November 2022, the Appeal Court of Capital Markets Court have ruled against the Parent Company ordering to pay the seller an amount of KD 13,814,991 plus an interest of 7% starting from 30 January 2013. The Parent Company appealed against the ruling before the Court of Cassation, due to the contradiction of the ruling with previous verdicts and other legal matters, Subsequently, the Court of Cassation ruled that the appeal shall be rejected. The Court of Cassation did not decide on the appeal filed by the Parent Company. The Parent company also filed petition for reconsideration on which a verdict of inadmissibility was issued, and it was appealed against before the Court of Cassation. Moreover, an original annulment lawsuit was filed by the Company on the appeal ruling, which has not been adjudicated yet.
